

Pamela Maini

My name is Pamela Maini. I am a qualified accountant. I am married and have two children boy who is 23 and a girl is 17.

I have also qualified as a counsellor where I use to give one to one counselling to people who had personal issues in their lives.

I got involved with FEA in 2016 when I worked with two centres for 6 weeks. I came back again in March 2018 with my husband and loved it. Since April 2018 I have been involved in the mentorship programme with two separate groups.

My hobbies include travelling, learning about new cultures, reading and gym. I have travelled quite a lot and my favourite place is India. Even though I was born in England I spent the first four years in Delhi at Moti Bagh with my grandmother.
