

Raj Ramanatha

I grew up in 5 states in India (Madhya Pradesh, Tamilnadu, Kerala, Maharashtra, and Karnataka) thanks to my dad's nature of work. I can converse in six languages. Schooled in Bangalore and then IIT-Mumbai. Joined TCS when it was a fledgling company under TATA Sons; Moved to HP-India Software Operations and then to the USA. Have lived here for 25+ years.

My career has spanned Software Engineering and Management in all kinds of industries - started off in Hardware, design-automation, consumer electronics, and more recently into Telecommunication and Finance leading transformation efforts of all kinds.

Other activities: I have been mentoring students in Science Fairs (Intel and Synopsys) and has been a Judge in these tournaments for over 10 years. My own kids have been tremendously influenced and gained from these STEM programs!
