

Shruti Kela, a Production Engineer from National Institute of Technology, Trichy, Tamil Nadu has her roots in Maharashtra and Rajasthan.

Currently she is working in the Oil and Gas Industry as a Field Engineer with Schlumberger in the deserts of Rajasthan. She has been a Growth Hacker with Kowrk, a startup and an online platform for coworking spaces. She has served as a strong lead for the Informed Voter Project by MumbaiVotes.com to spread awareness about the election process and the contesting candidates. As an Antarctic Youth Ambassador, Shruti has lead 2041's International Antarctic Expedition.

Shruti is a chai lover, an adventure travel enthusiast and a bibliophile. She is also a strong advocate of sustainable living. You'll find her backpacking around the world when she is not working on the oil rig. In her words, 'I want the world map to feel different, full of experiences and stories, every time I see it.'
