

Shruti Nigam

Brief profile : I was born and brought up in Bhopal, Madhya Pradesh. I graduated in the year 2015 from National Institute of Fashion Technology, Mumbai and have been staying in Mumbai since then. I started my career as a Design Manager in the product development team of Gloob Decor. Currently I'm working in an export house, Katmandu Apparels Pvt. Ltd. as a Senior Designer for Boy's division.

I am passionate about exploring new places and studying the history of those places, how it came into being.

Education is the most powerful weapon I believe to bring change and guide the people. I came to know about FEA through Nikhil Kapahi and I'm glad he introduced this organization to me. I hope to have long term relation with all the students.
