

What is Team FEA?

Team FEA exists to help alleviate poverty in India. We are doing this by enabling FEA students to learn core employability skills and to develop ethical and productive mindsets, so they can take care of their families and become contributors to the nation and to humanity.

Team FEA is a group of lifelong learners who continuously strive to be kind, compassionate, generous, and forgiving. Our minds are free of fear, anger, greed, unkind thoughts, or negative thinking.

Team FEA is thoughtful, considerate, and polite. We discuss ideas rather than people, believe in resolving conflicts rather than holding grudges, nurture goodwill and not resentment, do not discriminate based on caste, religion, economic status, or abilities and are unwilling to retaliate. We believe in loving the whole world like a mother loves her only child. We do not compare ourselves with others and we do not judge others.

Team FEA derives a quiet satisfaction from leading a life of selfless service. We believe it is in giving that we receive.

FEA classes are completely free of cost for students

English FlexiBook

Students should keep practicing this book until they can speak and understand English at the B1 level on the CEFR scale. At this level, they can talk in full sentences, share their ideas clearly, and manage everyday conversations on their own.

Note: This book is designed for use in both 100-minute and 140-minute sessions. For 140-minute classes, notes are included within each lesson to indicate which steps should be extended. In most cases, the presentation activities are extended to provide students with additional speaking and practice opportunities.

Lesson Guidelines

1. Please do not rush through the lessons,
2. Give students enough time for presentations and speaking activities.
3. Encourage students to speak in full sentences instead of one-word answers.
4. Give every student a chance to speak in every class.
5. Focus on communication and confidence first, not perfect grammar.
6. Use pair work and group discussions to increase speaking time.
7. Do not skip any speaking activities from the lesson.
8. Ask open-ended questions that require longer answers.
9. Praise effort and participation to build confidence.
10. Model correct pronunciation and clear speaking for students to imitate.
11. Give students preparation time before presentations or speaking tasks.
12. Ask follow-up questions to keep conversations going.
13. Encourage students to speak louder and more clearly.
14. If students need more time to understand or practice a lesson, repeat the lesson,
15. The goal is to help students improve their English skills, not just finish the book quickly.

Please note: Student Enrollment Deadline – Lesson 120

AI Activity Guidelines

1. During AI activities, ensure students speak into the microphone and do not type their answers.
2. Encourage students to answer in full sentences during AI speaking practice.
3. Use earphones while talking to AI.
4. Ask students to sign in using their own Gmail account.
5. Ensure students sit in a zig-zag manner so that AI conversations are not interrupted by nearby voices.
6. Encourage students to speak loudly and clearly so that the AI can catch their voice properly.
7. Use ChatGPT or Gemini for AI conversations.
8. Every lesson includes an AI activity. First, give students a demo on how to copy the prompt from the AI document, paste it into the AI app, and start the conversation.
9. Paste stickers with the names of 3 students from 3 different sessions on each tablet so that the same students use the same tablet every day.
10. Give students enough time to practice and repeat responses during AI activities.
11. Ensure that students repeat and practice the sample responses given by the AI.

Structure of the Assessments- Checkpoint 1: Days 50–51 (A2 Assessment)

Students participate in:

- AI-based speaking interviews to assess their CEFR level
- One-on-one teacher interviews (TM present)

Target: At least 75% of enrolled students should reach A2 level

What to do next:

- If 75% or more enrolled students reach A2 → Skip Days 52–61 and move directly to Day 62
- If less than 75% enrolled students reach A2 → Complete Days 52–61 (Revision Days), then continue to Day 62
- If 75% or more enrolled students reach B1 → skip the remaining lessons and start road to success
- If some students achieve B1, they should be encouraged to achieve B2

Checkpoint 2: Days 150-151 (B1 Assessment)

Students participate in:

- AI-based speaking interviews to assess their CEFR level
- One-on-one teacher interviews (TM present)

Target: At least 75% of enrolled students should reach B1 level

What to do next:

- If 75% or more enrolled students reach B1 → Move to the *Road to Success Book*
- If less than 75% enrolled students reach B1 → Continue with further Days until students reach B1
- Students who have reached B1 should aim for B2 and also help other students in the class to reach B1.

Ongoing Practice if less than 75% reach B1

- Students continue from Day 152 onwards.
- Students should regularly do self-AI assessments to check their CEFR scores. Students who have already reached B1, should support other students during Group Discussion, pair discussion, role plays and presentations.
- Teachers should monitor and track student's CEFR scores on a weekly basis.
- Once 75% enrolled students reach B1, coordinate with your TM and schedule an AI spoken assessment

Note: If 75% enrolled students reach B1 before Lesson 150, please coordinate with your TM and schedule the interview earlier.

Foundation Day 1

Word of the Day: **Introduce**

Meaning: To tell others your name and basic details.

Example: "I introduce myself to my classmates."

Objectives

- Make students feel comfortable
 - Help students speak 2–3 simple English sentences
 - Build strong teacher-student connection
 - Start LMS enrollment + Gmail creation
 - Build basic confidence using tablets
-

Mindfulness Exercise (2 mins)

Say:

"Sit comfortably. Close your eyes. Breathe in slowly, hold, and breathe out gently. Focus on your breathing. If your mind wanders, bring your attention back to your breath."

Teachers must NOT:

- Speak or guide during the activity.
- Play any background music.
- Discuss the experience afterward

Step 1. Strong Start (7 mins) (*Hindi* → *Light English*)

- The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences.

Ask:

- "Kaun English bolna seekhna chahta hai?"

Say:

"Yahan English bolna easy hai."

"No fear. Only practice."

Hook line (important):

"7 din baad aap English mein introduction doge."

Step 2. First Speaking Activity (20 mins) (*Core Learning*)

Write on board:

- My full name is ____

- I am from ____
- I like ____

Teaching Flow:

1. Teacher models with action
2. Students repeat together
3. Pair practice (2–3 mins)

Circle Speaking:

Each student stands and says:

“My name is ____ and I like ____”

After each student → clap

Step 3. WOW Moment (10 mins) (Retention Booster)

Call 1 student in front.

Teach:

“My name is Ravi. I am from Delhi.”

“Day 1 → me 2-3 sentence bol paogey

“Day 7 → 10-12 sentence bol paogey

Step 4. Teacher Introduction (10 mins) (Hindi)

Teacher shares:

- Personal story
- Why English matters
- What students will learn

Say clearly:

“Yahan galti karna allowed hai.”

Step 5: Station Rotation (40 mins)

(Note for 2-hour classes: Extend this activity to **60 minutes** to provide additional speaking practice and participation opportunities for more students.)

While the teacher enrolls students and creates Gmail IDs (see Step 5), students rotate through two 20-minute stations.

Instructions to give students:

- “We will work in 2 groups. Each group will spend 20 minutes at one station, then switch.

Station 1 – Keyboarding (20 mins)

- While students are practicing on Tablet Exploration, select any 5 students to practice keyboarding on the laptop, then switch to the next group of 5 students after 10 minutes.

- Students open the keyboarding app on the laptop.
- They try typing freely — no pressure. It is Day 1.
- Goal: get comfortable with the keyboard, not speed or accuracy.

Station 2 – Tablet Exploration (20 mins)

- Ask students to watch the FEA Video
<https://youtu.be/7YyRXoHveZI?si=rbOolv5syOJsAn6i>
- Students explore the tablet freely.

Note 1: After 20 minutes, ask groups to switch stations. **Note 2:** First, create Gmail IDs for the students. Then enroll them on the LMS, as you will need to enter each student's Gmail ID while filling in their details.

Step 5.1: Teacher – Gmail Creation and LMS enrollment (runs parallel to Step 5)

While students rotate through stations, call each student one by one and complete the following:

Part A – Create Gmail ID

Note: Use a tablet, not a laptop — laptops ask for a mobile number and involve too many extra steps during Gmail creation, but tablets skip all of this.

Gmail format — write this on the board for your own reference:

Email: firstname.lastname.branchcode@gmail.com

Example: rahul.kumar.713532@gmail.com

Password: firstname@branchcode

Example: rahul@713532

After creating each Gmail ID:

- Record the email and password in the Laptop Register.
- Update the Gmail ID on the student's LMS profile.

Part B – Enroll Student on LMS

- Ask: "Did you like today's class? What did you like most?"
- Ask: "What are you studying or doing now?"
- Ask: "Why do you want to learn English and technology?"
- Enroll the student on the LMS.
- Keep it brief. Motivate them to attend regularly.

Note: Complete as many enrollments and Gmail IDs as possible. Whatever is unfinished, continue the next day.

Foundation Day 2

Word of the Day: **Feel**

Meaning: To express your emotions or mood.

Example: "I feel happy today."

Objectives:

- Create a fun and safe classroom environment
- Practice self-introductions
- Introduce Duolingo
- Begin keyboarding practice

Assign a tablet to students who come early. They can use this time to play the games installed on their tablet.

Materials: Paper, pencils, ball, tablets/laptops

Part 1: Teacher-Led Classroom (40 mins)

(**Note for 2-hour classes:** Extend this activity to **60 minutes** to provide additional speaking practice and participation opportunities for more students.)

Mindfulness (2 mins)

Start with 2 minutes of deep breathing to help students focus.

1- Recap (15 mins)- Kaun batayega 3 English sentences jo humne kal seekha tha

2- Write on the board - My full name is _____ I am from _____ (village name) in _____ (state). I am _____ years old. My father is a _____ (work) and my mother is a _____ (work)

3- Practice saying this aloud one by one with students (20 mins)

4- The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Part 2: Digital Learning (40 mins)

(**Note for 2-hour classes:** Extend this activity to **60 minutes** to provide additional speaking practice and participation opportunities for more students.)

Duolingo – Introduction & Practice (30 mins)

Duolingo is being introduced for the first time today. Students will need teacher support to get started.

Step 1: Watch & Observe (10mins)

- Tell students: *"We will now learn how to sign up for Duolingo — a fun app that helps you practice English every day."*
- Show a demo how to sign up - (video for teacher's reference): [Duolingo Sign-Up Guide](#)

Step 2: Sign Up (10 mins)

- Students open Duolingo on their tablets.

Think-Pair-Share: How can you make the best use of FEA?

Hard work can change your life- By Mr. Deepak Chopra - CEO of FEA

जब मैं किशोर था, मैं स्कूल पैदल एक गरीब इलाके से होकर जाता था।
 लोग सड़कों पर रहते थे, और यह देखकर मुझे बहुत दुख होता था।
 मैंने सोचा कि एक दिन मैं उनकी मदद करूंगा।
 स्कूल के आखिरी साल में, मैं आईआईटी जाना चाहता था, जो एक बहुत कठिन कॉलेज है।
 लेकिन मैं टॉप स्टूडेंट नहीं था, इसलिए मुझे बहुत मेहनत करनी पड़ी।
 मैंने टीवी देखना बंद कर दिया, सुबह 4:30 बजे उठता था, 2 घंटे सफर करके एक मैथ्स टीचर से पढ़ने जाता था, और छुट्टियों में कहीं नहीं गया।
 एक साल की कड़ी मेहनत के बाद, मैं आईआईटी में दाखिल हो गया।
 इससे मेरी ज़िंदगी बदल गई।
 मैंने सीखा कि एक साल की पढ़ाई किसी के भविष्य को बदल सकती है।
 अब मैं चाहता हूँ कि दूसरों को भी यह मौका मिले।

संदेश: मेहनत से जीवन बदल सकता है।

Objective:

To explain how FEA develops important skills and how effort (attendance, mindset) is key.

Mindfulness (2 mins)

Begin with a short breathing exercise.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Read Along- Speak Aloud (30 mins) - Group Instructions

Step 2: Class Responsibilities & Contract- (20 mins)

(**Note for 2-hour classes:** Extend this activity to **30 minutes** to provide additional speaking practice and participation opportunities for more students.)

Activity:

- Say, let us make our classroom rules. I want everyone to discuss in small groups and come up with rules that we must follow in our classroom
- In small groups, students list what responsibilities they should have in class.
Ask: a) What should a teacher's responsibilities be?
b) What should a student be responsible for?

Create a Class Contract:

As a class, we'll work together to create a list of rules to help everyone feel respected and ready to learn. This will be called the contract of this class, and everyone, including me (the teacher), will have to follow this contract.

Our contract may include rules like:

- Respecting each other
- Arriving on time
- Using full sentences when speaking
- Taking care of laptops
- Not using phones in class (unless it's for learning)

Steps for creating the contract:

The entire class can discuss ideas together, allowing everyone to contribute at the same time. The teacher or a student can write down the suggested rules as they come up, and together the class decides what goes into the final contract.

For the reference of the teacher (Demo contract):

Our Classroom Responsibilities

As members of this class, we promise to:

- Show respect to everyone: classmates, the teacher, and ourselves.
- Arrive on time and be ready to learn.
- Speak in full sentences to help clear communication.
- Look after laptops and all class equipment.
- Keep phones away during Days (except when the teacher says they are needed for learning).
- Listen when others are talking and wait for our turn to speak.

- Do our best work every day.
- Help each other and work as a team.
- Ask for help when we need it.

Final Step:

Once everyone agrees on the rules:

- Everyone signs the contract to show they agree.
- We'll put it up on the wall so we can all remember it.

Step 3: Class Cops (Monitors)- (5 mins)

Appoint 3 student monitors (weekly):

1. SAB Cop – Checks all books are present and clean.
2. Laptop Cop – Checks laptops are present and clean.
3. Full Sentence Cop – Ensures students speak in full sentences.

Ask:

- What should each cop be responsible for?

Step 4: (15 mins)

Finally, for "they are", point at other students whilst saying, "they" and get everyone to do the same.

Next, say a pronoun (I, you, he, she, we, they) and have everyone show the meaning via gesture without the teacher's help.

Ask:

- What should each cop be responsible for?

Activity: Keyboarding + AI Speaking Practice (20 mins)

- While students are practicing on AI, select any 5 students to practice keyboarding on the laptop, then switch to the next group of 5 students after 10 minutes.

AI Live Speaking Practice (Tablets) - 20 min

Demo by Teacher – 5 minutes: The teacher opens Gemini on the tablet, demonstrates the full process live – from logging in to speaking the prompt – so students know exactly what to expect before they try. Then, a volunteer student repeats the same demo in front of the class.

1. Open the **Gemini** app on your tablet and log in with your Gmail account.
2. On the home screen, find **Live Conversation** and tap on it. On the next screen, look for the **video camera icon** at the bottom and tap it.
3. A screen will open asking for permission to use your camera and microphone – tap **Allow** for both. For first-time users only
4. Once the camera is on, **look directly into it** (not at yourself on screen).
5. When Gemini is ready, say this prompt clearly:

"Hello Gemini. I will share my daily routine in 10 sentences. After I finish, give me feedback on my English and facial expressions."

6. Wait for Gemini to respond and confirm it understood.

7. Now speak your 10 sentences about your daily routine — slowly and clearly.
8. After you finish, **listen carefully** to the feedback Gemini gives on your English and expressions.
9. Try again — this time using the feedback to improve.

Students will confidently present their daily routine using sequence words like *First, then, next, after that, later, and finally*. Students will also practice independently on Duolingo while weaker students receive individual teacher support.

Video Follow-up: 2 mins:

Ask students if they watched the video. Anyone who watched it, ask them to share what they remember. If they haven't, tell them to watch it the next day.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Mindfulness (2 mins)

Begin with a short breathing exercise.

Step 1: Class Presentation (60 mins)

(**Note for 2-hour classes:** Extend this activity to **90 minutes** to provide additional speaking practice and participation opportunities for more students.)

- The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Fun Speaking Activity: "My Daily Routine Story"

Learning Goal

Students will **confidently present their daily routine** using sequence words: **First, then, next, after that, later, finally.**

Step 1.1: Warm-Up Game: Action Guess

Start with a quick game.

The teacher acts out actions like:

- brushing teeth
- eating breakfast
- going to school
- doing homework

Students guess the action.

Example:

Teacher pretends to brush teeth.

Students say: “**Brush teeth!**”

Tell them:

“Today we will talk about our daily routine like a story!”

Step 1.2: Teach the Magic Words

Write these words on the board:

- **First**
- **Then**
- **Next**
- **After that**
- **Later**
- **Finally**

Explain:

“These words help us tell things in order.”

Give an example:

“First, I wake up.
Then, I brush my teeth.
Next, I eat breakfast.
After that, I go to school.
Later, I do my homework.
Finally, I go to sleep.”

Ask students to **repeat together**.

Step 1.3: Pair Practice

Students **work with a partner**.

Each student tells their routine using the sequence words.

Example structure:

- First, I _____.
- Then, I _____.
- Next, I _____.
- After that, I _____.
- Later, I _____.

- Finally, I _____.

Give **5 minutes practice time**.

Step 1.4: Routine Chain Game

Make it fun!

One student starts:

“First, I wake up.”

Next student continues:

“Then, I brush my teeth.”

Next student:

“Next, I eat breakfast.”

The chain continues until **Finally**.

If someone forgets a sequence word, the class says:

“Try again!”

Step 1.5: Mini Presentations

Invite a few students to present their **daily routine story**.

Students speak for **5–6 sentences**.

Example:

“First, I wake up at 7 o’clock.
Then, I brush my teeth.
Next, I eat breakfast.
After that, I go to school.
Later, I play with my friends.
Finally, I go to sleep.”

Step 1.6: Fun Awards

Give playful awards:

- ★ **Best Speaker**
 - ★ **Sequence Star**
 - ★ **Clear Voice Champion**
-

Step 2: AI Activity (30 minutes)-

Instructions:

- Ask students to open their SRB and find the 30 Questions.

- AI will start asking questions one by one and give you a sentence starter.
- Use mic during the activity.
- After speaking, press the mute button.
- Continue the conversation until all the “30 questions of the day” are finished.

Day 41: Consolidation

Word of the Day: **Predict**

Meaning: To say what you think will happen.

Example: "I predict the answer in the game."

Objectives:

Students will confidently speak in pairs/groups using real-life English conversations. They will prepare and perform short role plays using vocabulary and grammar from previous Days.

Video Follow-up: 2 mins- Ask students if they watched the video. Anyone who watched it, ask them to share what they remember. If they haven't, tell them to watch it the next day.

Mindfulness (2 mins)

Begin with a short breathing exercise.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Read Along – Group Instructions (20 mins)

1. Make groups of 3. Mix strong and weak readers in each group.
2. Open the Read Along app on a tablet or laptop: <https://readalong.google.com/>
3. Choose the right level for your group (Level 1 = easiest, Level 4 = hardest).
4. Spread out – if space allows, each group should be at least 8–10 feet apart. Extra groups can stand outside.
5. Take turns reading the entire story aloud – one student at a time, while the others listen.
6. Found a difficult word? Click once to hear pronunciation, double-click for slow pronunciation + Hindi meaning. Repeat the word aloud.
7. At the end, each group shares the difficult words they found and their meanings with the class

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Step 1: Guess the Picture (Speaking Game): (30 mins)

(**Note for 2-hour classes:** Extend this activity to **50 minutes** to provide additional speaking practice and participation opportunities for more students.)

Procedure

1. The teacher divides the class into small groups of 4–5 students.
2. One student from each group comes to the front and stands near the board facing the class.

3. This student cannot see the laptop screen.
4. The teacher shows an image on the laptop to the rest of the group members.
5. The group members must describe the image in English to the student standing at the board.
6. They must not say the exact word shown in the image.
7. Students should describe the picture by making full sentences (not just single words).
8. The student at the board listens and tries to guess what the image is.
9. The student gets three chances to guess the correct answer.
10. If the student guesses correctly, the group gets one point.
11. Then another student from the group comes to the front, and the teacher shows a new image.

Example

Image shown: Apple

Students describe:

- It is a **fruit**.
- It is **round and red or green**.
- People say **it keeps the doctor away**.

The student guesses: Apple

Group 1: Keyboarding Practice (Laptops)

- Open laptop → power on → open Typing Master or go to www.typingclub.com (no login needed)
- Place fingers: Left hand on A S D F | Right hand on J K L ;
- Type slowly, eyes on screen — not the keyboard

- Complete one Day; start the next if done early

Teacher: Check hand positions as you walk around. Remind students that being slow at first is normal.

Group 2: AI Live Speaking Practice (Tablets)

Demo by Teacher – 5 minutes: The teacher opens Gemini on the tablet, demonstrates the full process live – from logging in to speaking the prompt – so students know exactly what to expect before they try. Then, a volunteer student repeats the same demo in front of the class.

1. Open the **Gemini** app on your tablet and log in with your Gmail account.
2. On the home screen, find **Live Conversation** and tap on it. On the next screen, look for the **video camera icon** at the bottom and tap it.
3. A screen will open asking for permission to use your camera and microphone – tap **Allow** for both. For first-time users only
4. Once the camera is on, **look directly into it** (not at yourself on screen).
5. When Gemini is ready, say this prompt clearly:

"Hello Gemini. I will share my daily routine in 10 sentences. After I finish, give me feedback on my English and facial expressions."

6. Wait for Gemini to respond and confirm it understood.
7. Now speak your 10 sentences about your daily routine – slowly and clearly.
8. After you finish, **listen carefully** to the feedback Gemini gives on your English and expressions.
9. Try again – this time using the feedback to improve.

Note: If Gemini live video conversation fails (e.g., due to internet issues), switch to ChatGPT or Gemini using mic only. Use this prompt:

Prompt: "Ask me one question at a time about my introduction and family. After I answer, correct my English, provide a sample response, and wait for me to repeat it before asking the next question."

 - The teacher rolls the dice and announces the number
 - One student from the team must ask a question using the correct WH-word to the guest
 - If correct → 10 points
 - If incorrect → Question passes to next team → 5 points if correct
4. After all 5 teams have had one turn, the guest changes, and the other students (one from each team) take their turn in the next round.

“Interview is not about perfection. It is about confidence and clarity. Keep practicing daily.”

- No student should sit idle
- Keep strict rotation:
 - Peer → AI → Peer

Note for Teachers:

If less than 75% of your students have reached A2 level, continue with the extra practice Days (Days 52 to 61).

If 75% or more students have reached A2 level and this is verified, skip Days 52 to 61 and start from Day 62. Aim for B1. On Day 124 and 125 there will be a similar assessment to check student’s spoken ability and have they reached B1.

Teacher Tip – Help students speak more (B1 level)- From this stage onwards, guide students to speak clearly and in detail:

- * try to make each sentence longer and more meaningful.
- * Add reasons to your ideas using words like because, so, and but.
- * Give examples to explain your point clearly (for example, from your life or village).
- * Try to connect your sentences so your speaking sounds like one full idea, not separate lines.
- * Use past, present, and future (yesterday, today, tomorrow) in your speaking.
- * Add feelings and opinions (I think, I feel, I believe).

Students:

Use mic to answer
Repeat after correction

Activity: Getting to Know a Student

Time: 10-15 mins per student

While students work independently on their AI activity, call one student at a time to sit with you for a relaxed one-on-one conversation.

- Speak in Hindi so the student feels at ease.
- Listen more than you speak — don't rush.
- Ask follow-up questions naturally; let the conversation flow.
- Aim to speak with 2 students per session.
- After a few questions, let the conversation go naturally.

Family & Background

- Tell me about your family. How many people are there?
- What do your parents do? Do you have siblings?
- Where are you from? Do you live nearby?

Daily Life, Studies, Interests & Future

- What are you studying these days? Do you find it easy or difficult?
- Are you working somewhere? What does a typical day look like for you?
- What do you like to do in your free time?
- What would you like to do in the future?

Note: After speaking with both students, the teacher should also practice the AI activity independently on their own smartphone to improve their spoken English.

Step 5: Post AI Questions (5 mins):

Ask:

1. What was easy today? What will you practice at home?
2. How many sentences did you speak to the AI today?
3. What is one new sentence you learned from the AI's sample response?

Homework: Practice your daily routine introduction 3 times in smartphone/mirror/with siblings.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Ask students to refer to previous Days from SAB for more questions:

Step 4: AI Speaking Practice (30 mins)

Write this prompt on the Board and tell students to type this prompt and use the mic to answer. Ask students to sit in a **zig-zag pattern** to avoid background noise from partners

Type this Prompt: "I will tell my introduction in 10 sentences. My English level is A1, and give me a sample response after I speak.

(After students complete the above topic, tell students to use the same prompt with daily routine. Guide students to practice rehearsing the sample response a few times)

Teacher Note: Sit with 2 weak students. Train them on asking follow-up questions from AI.

Step 5: Post AI Questions (5 mins):

Ask:

1. Ask students to share the AI's sample response they learned with their partner.

Homework: Practice your daily routine introduction 3 times in smartphone/mirror/with siblings.

Write this prompt on the board and ask students to type it and use the mic:

“I will speak 8–10 sentences about my likes and dislikes, and 4–5 sentences using this/that/these/those. My English level is A1. After I speak, please correct my sentences, give a sample answer, and tell me my CEFR level.”

After they finish with this topic, tell them: “Now use the **same prompt** again, but change the first line to ‘I will speak more sentences using this/that/these/those with different things in my classroom and home.’” Ask students to sit in a zig-zag pattern to reduce background noise.

Teacher Note: Sit with 2 weaker students. Help them:

- Teacher gives a demo - copy the prompt from the AI document and paste on Gemini.
- Read the situation aloud. If needed, explain it.
- Ask students what they will do in this situation.
- Share the response.
- Now call a student. Ask the student to give a demo. (If everyone already knows the process, skip this)

Step 2: Start AI Activity (15-20 minutes)

- Students sit in a zig-zag pattern
- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini
- Students begin interacting with AI individually

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)
- First: Students discuss with their partner
- Then: Take responses from 2 students
- Ensure everyone is on track

Step 4: Continue AI Activity (10-15 minutes)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students
- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: Count and Jump (2-3 mins)

Instructions:

Students stand in a circle.
Count aloud from 1 onwards.

Whenever a number is a multiple of 3 (3, 6, 9, 12, etc.), the student must jump instead of saying the number.

Anyone who says the number instead of jumping starts the count again.

Day 56: A2 Consolidation Practice 5

Progress Note for Teachers: Conduct consolidation-practice Days (52–61) if less than 75% of students scored A2.

Word of the Day: **Expression**

Meaning: The way you show your thoughts or feelings in words.

Example: "I improve my expression in English."

Objective:

Students practice using subject pronouns (I, you, he, she, it, we, they) with action words in full sentences, through partner practice, hot seat, and AI speaking.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Mindfulness (2 mins)

Begin with a short breathing exercise.

The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1: Warm-up and Introduction (10 mins)

As students enter, quickly ask 2–3 to introduce their friend in 2–3 sentences.

On the board, write:

Do a quick game:

- Teacher acts an action (e.g., jumping, reading).
- Ask: "What am I doing?"
- Students say just the action word: "Jumping!" "Reading!"
- Write all correct action words on the board.

Then show:

- **I / You / We / They** → **verb** (jump, walk, cook)
- **He / She / It** → **verb + s** (jumps, walks, cooks)

Circle "+s" on the board.

Tell students:

“Today we will make many sentences with I/you/he/she/it/we/they and actions. You will work with different partners and speak in full sentences.”

Round 1: Partner Practice (10 mins)

Pair students. Each pair gets about 5 minutes per person.

If they finish early, ask them to make **negative sentences** too, e.g., “He does not play”, “They do not walk fast.”

Teacher: Move around, correct “he/she/it + s” mistakes, and praise good examples.

Round 2: Switch Pairs (10 mins)

Ask students to change partners.

Same format, but now add **questions and answers**

(Note: Students may struggle turning statements into questions. Let students struggle and try)

1. Student A says 4 sentences (e.g., “He runs fast.” “They play football.”).
2. Student B turns each into a **question + answer**, e.g.,
 - “Does he run fast? Yes, he runs fast.”
 - “Do they play football? Yes, they play football.”
3. Then switch roles.

Round 3: Hot Seat Activity (20 mins)

(**Note for 2-hour classes:** Extend this activity to **40 minutes** to provide additional speaking practice and participation opportunities for more students.)

Select **5 weaker students** for the hot seat, rotating every 4–5 minutes.

Setup:

On the board, write prompt ideas:

- I / jump
- You / read
- He / write
- She / play
- It / bark
- We / dance
- They / sing

Activity flow:

3. Sometimes ask for **negative form**: “Make it negative: They play cricket” → “They do not play cricket.”

Step 4: AI Speaking Practice (30 mins)

Write this prompt on the board and ask students to type it and use the mic:

“I will speak 8–10 sentences using I, you, he, she, it, we, they with action words (like run, eat, read, play). My English level is A1. After I speak, please correct my sentences, give me a sample answer, tell my CEFR level.”

Student steps:

1. Think for 1 minute and plan sentences (can use notebook).
2. Press mic and speak 8–10 sentences.
3. Read AI feedback and sample answer.
4. Try again with **new sentences** (change actions or pronouns).

Ask students to sit in a zig-zag pattern to reduce background noise.

Step 5: Post-AI Questions (10 mins)

(**Note for 2-hour classes:** Extend this activity to **20 minutes** to provide additional speaking practice and participation opportunities for more students.)

Ask the class:

- “Which pronoun was most difficult for you today: he, she, it, we, they?”

- “Were your hot-seat sentences better, or your AI sentences better? Why?”

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.

- Students sit in a zig-zag pattern
- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini
- Students begin interacting with AI individually
- Remind students that they should write important points in their notebooks while talking to the AI

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)

- Then: Take responses from 2 students
- Ensure everyone is on track

Step 4: Continue AI Activity (10-15 minutes)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students
- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: Count and Jump (2-3 mins)

Instructions:

Students stand in a circle.

Count aloud from 1 onwards.

Whenever a number is a multiple of 3 (3, 6, 9, 12, etc.), the student must jump instead of saying the number.

Anyone who says the number instead of jumping starts the count again.

Step 5: Teacher Activity (30 mins)

- Bring the class back together.

Materials:

- Scenarios
- *Smart Strategy* and *Risky Shortcut*

Procedure:

1. Divide students into small groups.
2. Write these situations on the board:

3. Groups discuss whether each action is a smart strategy or a risky shortcut.
4. Group members explain their reasoning.

Reflection Questions:

- When can a shortcut cause problems?
- What is a better alternative to risky shortcuts?

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

My English level is A1 on the CEFR scale. I want to improve my English. Give me one classroom safe image to describe. It can be of a train or bus station or it can be of a park or public place etc. I will describe the image in simple English. After I finish, correct my English, give me one better sample description, and ask me to repeat the corrected sentences. If I speak less than 50 words, ask me to add more details about the people, place, actions, colours, and objects in the image before moving to the next task. Give image 1. Do this for 3 images one by one.

Note for students: Just pick ONE image from the 4 above and describe that one.

You don't need to describe all 4. They're 4 versions of the same. Choose the one you like best and tell me about it.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Ask me 5 questions one by one from that image. Ask me where the object is. Accept only full sentence answers. If I answer incorrectly, tell me the correct answer in full sentence. Ask another question. After 5 questions, give another image and repeat. Do it like this for 3 images. Give an image and ask 5 questions one by one.

Note: This step is compulsory.

Day 73: Revision and Practice Day

Word of the Day: **Recap**

Meaning: To quickly go over what was learned.

Example: "I recap the lesson with my partner."

Objectives

By the end of this Day, students will be able to:

- Talk about what they did yesterday using simple past tense
 - Use common past verbs correctly (V2 forms)
 - Practice past tense speaking with peers and AI
-

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1: Teacher-Led Oral Recall (10 Minutes)

(Note for 2-hour classes: Extend this activity to **20 minutes** to provide additional speaking practice and participation opportunities for more students.)

The teacher starts by asking simple questions to the class.

Examples: Answer in full sentences. Do not accept one word answer.

- What did you do yesterday?
- Did you come to class yesterday?
- What did you eat yesterday?
- Did you watch TV yesterday?
- Who did you talk to yesterday?

Take answers from different students.

Correct gently by repeating the correct sentence aloud.

Step 2: Sentence Building (20 Minutes)

(Note for 2-hour classes: Extend this activity to **30 minutes** to provide additional speaking practice and participation opportunities for more students.)

Teacher Setup

The teacher writes on the board:

Yesterday, I...

Writes 6–8 past verbs on the board. Ask students to make sentences using these words and say aloud

- woke up
- brushed
- ate
- went
- studied
- played
- watched
- slept

Students make one sentence for each verb, starting with:

- Yesterday, I...

The teacher walks around and supports weak and new students.

Step:3 Individual Presentation (30 minutes)

(**Note for 2-hour classes:** Extend this activity to **40 minutes** to provide additional speaking practice and participation opportunities for more students.)

Call each student on stage and ask them to share 5 sentences. If they struggle, ask them to go back and practice and come again for the presentation. Repeat this until they can speak their sentences. They can occasionally refer to their notes.

Step:4 Practice with AI (30 mins)

Instructions:

1. Students open **ChatGPT** on their device.
2. Copy and paste this prompt into Gemini to start:

"I want to practice my English. I will speak about 2 topics one by one. For each topic, I will speak at least 50 words. After I finish a topic, please ask me 2 easy and simple follow-up questions one by one. I will answer each question using at least 35 words. Once we complete the questions for one topic, move to the next. After both topics and all answers are finished, give me my CEFR level and a table of my mistakes. My topics are: What I did yesterday, and My first day in FEA."

3. Use the **mic button** to speak — do not type answers.
4. Speak on **Topic 1**. Gemini will then ask **2 follow-up questions** — answer each one by one using the mic.

5. Repeat the same for **Topic 2**.
6. At the end, AI will show a **CEFR level** and a **table of mistakes**.
7. Students **show the result to the teacher**.

Log out once the session is complete

Teacher Tip – Help students speak more (B1 level)-

- ★ Try to make each sentence longer and more meaningful.
- ★ Add reasons to your ideas using words like because, so, and but.
- ★ Give examples to explain your point clearly (for example, from your life or village).
- ★ Try to connect your sentences so your speaking sounds like one full idea, not separate lines.
- ★ Use past, present, and future (yesterday, today, tomorrow) in your speaking.
- ★ Add feelings and opinions (I think, I feel, I believe).

Do not inflate the score. Flow: I will provide my first topic (50+ words). You will ask 3 easy and simple follow-up questions one by one (I will answer each with 35+ words). Move to next question only after all 3 follow up questions. If my answers are less than number of words, do not move to the next question. At the end give my CEFR score. Final Evaluation Requirements: Overall CEFR Grade: (e.g., A0, A1 (or A1+), A2 (A2+), B1 or (B1+), B2). Skill Breakdown: Scores (1-10) for Grammar Accuracy, Vocabulary Range, and Coherence. Error Ledger: A table listing every error made during the test, the correction, and the level of severity (Minor/Major). My topics are: 1. Daily Routine of my father 2. Describe my village in a rainy season 3. My life after 2 years. I am ready. Please prompt me for Topic 1."

Step 2. Reality Check – Understanding Competition (10-15 mins)

Ask students:

- How many people apply for government jobs?
- How many get selected?

Share an example: Last year, 1 crore people gave the SSC exam. Only 5000 got selected.

2. Write on the board:
Plan A = Your Dream Career.
Plan B = Your Backup Career

Write on the board:

My plan A is to become a _____

If I don't achieve my Plan A, my plan B is to become a _____

Ask students to think and share their responses with the class in full sentences.

If a student is stuck, give hints from the job below: Share with your students that they can explore new jobs like: Write the jobs on the board.

1. Nurse (नर्स)/Hospital Assistant
2. Receptionist- *Greets people, takes calls.*
3. Customer Care Executive
4. Beautician / Parlour Assistant

Act as a formal examiner for an English proficiency assessment. This is a test, not a practice session. Rules for the Examiner: 1- No Feedback: Do not say 'Great job,' 'Well done,' or correct my English during the test. Simply acknowledge my input and move to the next question. 2. Strict Marking: Use the strict CEFR assessment criteria. Keep a count of repetitive vocabulary, basic sentence structures, and grammatical errors while giving the CEFR score. Do not inflate the score. Flow: I will provide my first topic (50+ words). You will ask 3 easy and simple follow-up questions one by one (I will answer each with 35+ words). Move to next question

only after all 3 follow up questions. If my answers are less than number of words, do not move to the next question. At the end give my CEFR score. Final Evaluation Requirements: Overall CEFR Grade: (e.g., A0, A1 (or A1+), A2 (A2+), B1 or (B1+), B2). Skill Breakdown: Scores (1-10) for Grammar Accuracy, Vocabulary Range, and Coherence. Error Ledger: A table listing every error made during the test, the correction, and the level of severity (Minor/Major). My topics are: 1. Describe your school or college 2. Describe your favorite festival 3. Talk about FEA lessons you like and dislike and why. I am ready. Please prompt me for Topic 1."

Day 93: My English Learning Journey – Student Reflections

Word of the Day: **Analyze**

Meaning: To study something carefully.

Example: "I analyze my performance."

Objective:

Students reflect on their learning journey at FEA and confidently speak about their experience in front of the class.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1: Watch Graduate Videos (10 mins)

- Students watch short videos of 2 FEA graduates who completed their one-year course.
- These videos show how far students can come with consistent effort. **Watch videos 12 and 13**
- <https://drive.google.com/file/d/1Boze-CK35xxiIJyTiXvwAiCa84xrgwCB/view?usp=sharing>
- https://drive.google.com/file/d/1vCZpg_57_Jh95erh4WJ_faIStFIpUNkO/view?usp=sharing

Step 2: Group Discussion (10 mins)

Ask students:

- What did you understand from the videos?
- Do you think you can also improve like them?

Step 3: Create Your Own Script (20 mins)

(Note for 2-hour classes: Extend this activity to **30 minutes** to provide additional speaking practice and participation opportunities for more students.)

- Ask students to think about their own FEA journey.

 - What's their FEA branch name
 - What they enjoy, their favorite activity

- What they have learned
- What is their dream

Optional (Their day 1 in FEA)

- Make it flexible—students can include anything about their experience.

Step 3.1- Meet your students (parallel activity to step 3)

While students are working, the teacher calls them one by one. Ask these questions and share their CEFR level. Meet 5 students.

Here are 5 simple but effective questions you can use to assess your student's spoken CEFR level (A1–B1 range). These are designed to check grammar, fluency, vocabulary, and ability to handle different tenses.

1- Introduction (Basic Level)

Can you introduce yourself and tell me about your family?

2- Daily Routine (Present Tense)

What do you do every day from morning to night?

3- Past Experience (Past Tense)

What did you do yesterday or last weekend?

4- Future Plans (Future Tense)

What are your plans for next week or next year?

5- Opinion + Reason (Higher Level Thinking)

What is your dream job? Why do you want to do this job?

How to assess quickly:

- A1: Short answers, basic words, many pauses
- A2: Full sentences, some grammar mistakes, can handle simple past/future
- B1: Can speak longer, gives reasons, fewer pauses, better vocabulary

Step 4: Present to the Class (40 mins)

(**Note for 2-hour classes:** Extend this activity to **60 minutes** to provide additional speaking practice and participation opportunities for more students.)

- Invite students to come to the front one by one and share their journey. Ensure everyone gets the chance.
- Before they begin, the teacher politely asks for permission to record their speech (if comfortable).
- Students who agree can have their videos recorded as part of their progress.
- Remember- the video doesn't have to be perfect. Making mistakes, or pausing while speaking, can all be part of the video.

- Share the video with the presenting student.

Step 5: Wrap-up (10 mins)

- Appreciate each student’s journey and courage to speak.
- Remind them that one day they will inspire others, just like the students in the video.

Step 4.1- Meet your students (parallel activity to step 4)

While students are working, the teacher calls them one by one. Ask these questions and share their CEFR level. Meet the next 5-7 students.

Here are 5 simple but effective questions you can use to assess your student's spoken CEFR level (A1–B1 range). These are designed to check grammar, fluency, vocabulary, and ability to handle different tenses.

- B1: Can speak longer, gives reasons, fewer pauses, better vocabulary

How to assess quickly:

- A1: Short answers, basic words, many pauses

- Say:
“Today, you discovered that opportunities are everywhere – not just in your village or India. If you work hard and keep learning, the world is open for you.”

Student Support & Counselling:

Use the last 10 minutes for in-person counselling.

Identify 2–4 students (irregular attendance / behavioral concerns) in advance.

Ask only selected students to stay back; others may leave.

Conduct brief, empathetic, and solution-focused one-on-one conversations.

Refer to student retention techniques for guidance.

Part 2: Improve Your Spoken English with AI

Prepare for Your Assessment with AI (30 mins)

Instructions:

1. Students open **Gemini** on their device.
2. Copy and paste this prompt into Gemini to start:

Act as a formal examiner for an English proficiency assessment. This is a test, not a practice session. Rules for the Examiner: 1- No Feedback: Do not say 'Great job,' 'Well done,' or correct my English during the test. Simply acknowledge my input and move to the next question. 2.Strict Marking: Use the strict CEFR assessment criteria. Keep a count of repetitive vocabulary, basic sentence structures, and grammatical errors while giving the CEFR score. Do not inflate the score. Flow: I will provide my first topic (50+ words). You will ask 3 easy and simple follow-up questions one by one (I will answer each with 35+ words). Move to next question only after all 3 follow up questions. If my answers are less than number of words, do not move to the next question. At the end give my CEFR score. Final Evaluation Requirements: Overall CEFR Grade: (e.g., A0, A1 (or A1+), A2 (A2+), B1 or (B1+), B2). Skill Breakdown: Scores (1-10) for Grammar Accuracy, Vocabulary Range, and Coherence. Error Ledger: A table listing every error made during the test, the correction, and the level of severity (Minor/Major). My topics are: 1. Talk about how you help your parents at home 2. Talk about why students should learn to save money 3. Describe a place in your village that needs to be cleaned. I am ready. Please prompt me for Topic 1."

3. Use the **mic button** to speak — do not type answers.
4. Speak on **Topic 1**. Gemini will then ask **3 follow-up questions** — answer each one by one using the mic.
5. Repeat the same for **Topic 2** and **Topic 3**.
6. At the end, Gemini will show a **CEFR level** and a **table of mistakes**.
7. Students **show the result to the teacher**.

Teacher Tip – Help students speak more (B1 level)

Ask a student to conduct.

While a student is conducting Jeopardy- the teacher conducts a student interview.

Step 1.1- Meet your students (parallel activity to step 1)

While students are working, the teacher calls them one by one. Ask these questions and share their CEFR level. Meet the next 5-7 students.

Here are simple but effective questions you can use to assess your student's spoken CEFR level (A1–B1 range). These are designed to check grammar, fluency, vocabulary, and ability to handle different tenses. Ask 3-5 questions.

1. What do you like to do in your free time?
2. What is your favorite food? Why do you like it?
3. Do you have a best friend? Tell me about them.
4. What time do you wake up every day?
5. What do you usually do after school or college?
6. Do you like watching movies or TV shows? Which ones?
7. What is your favorite place in your city? Why?
8. Do you like traveling? Where do you want to go?
9. What is your favorite subject? Why?
10. Do you play any sports? Which one?

How to assess quickly:

- A1: Short answers, basic words, many pauses
- A2: Full sentences, some grammar mistakes, can handle simple past/future
- B1: Can speak longer, gives reasons, fewer pauses, better vocabulary. Can use connectors. Can speak in past, present and future tense.

How to assess quickly:

- A1: Short answers, basic words, many pauses

Step 1: Today's Topic (20 minutes)

- Share today's topic. Write it on the board. Pronounce the Topic as a class.
- Ask students to guess- what does the topic mean?

Energizer: Pink toe (2-3 mins)

Instructions:

This game involves the teacher calling out a colour and a body part. Students must find an object in the room that is that colour and then touch the selected body part to that object. For example, if the teacher calls out pink thumb, then students need to find an object that is pink and touch it with their thumb. The teacher continues calling colours and body parts. To make this into a game students that are too slow in completing the instruction can be asked to sit down. The last student remaining is the winner.

Teacher Activity

Step 5: The Failure Auction (25 mins)

The Auction

Ask students if they understand what auction means and what bid means. Give examples — like how IPL teams bid for players, or the painting auction scene from the movie Welcome.

Tell the class:

"Today we are doing something different. Everyone has a failure — something they tried and couldn't do, something they gave up on, something that went wrong. Today you are going to SELL that failure to the class."

Give students 2 minutes to think of their failure. It can be anything — failed a test, couldn't learn a skill, tried something and quit, made a mistake that went badly.

Write this format on the board:

"I am selling ____ . I tried ____ times. It failed because ____ . Starting bid — who wants it?"

How it works:

Student stands up and dramatically describes their failure like an auctioneer selling something valuable. Class listens. Then 2–3 students "bid" — not with money but with **one lesson, one advice, or one thing they would do differently**.

Teacher plays the head auctioneer — keeps energy high, reacts dramatically to each failure, picks the best bid from the class.

For example:

Student: "I am selling — six months of trying to wake up early and failing every single day. Very rare failure. Happens 365 times a year. Who wants it?"

Class bids:

- "I will sleep early the night before"
- "I will keep my phone far from my bed"

- "I will ask my mother to wake me up"

Teacher picks the best bid: "Sold! To the person who said sleep early — very smart advice!"

Go around the whole class. Keep each auction short — **2 minutes per student maximum**. Move fast, keep it fun.

If a student is shy, teacher helps them by asking: "What is one thing you tried this year that didn't go well?" Then help them frame it as an auction item.

Step 2: 3 Questions to the Class (5 mins)

After all students have auctioned, bring the class together and ask:

1. *"Whose failure surprised you the most — one you didn't expect? Why?"*
2. *"Did hearing others' failures make you feel better about your own? Why?"*
3. *"What is the difference between someone who learns from failure and someone who just gives up?"*

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.

- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1 – Warm-Up (5 minutes)

- The teacher greets the class and writes on the board:
Roleplay Day – Speak 10 Sentences!
- Teacher says:
“Today, you will practice real-life situations. You must speak at least 10 sentences each. If you can’t reach 10, you will present again.”

Step 2 – Introduce Roleplay Topics (10 minutes)

The teacher explains that these are the five scenarios students will practice:

1. Meeting a new student at FEA
2. Lost in Delhi – asking a stranger for directions to the railway station
3. Lost mobile phone – talking to a police officer
4. Stomach pain – talking to a doctor
5. Buying clothes for your brother’s wedding – talking to a salesman

The teacher divides the class into pairs and assigns one roleplay to each pair (if more than 5 pairs, duplicate scenarios).- Students who reach **B1** will act as “**mini-teachers.**” They will help and support classmates who are still learning.

Step 3 – Preparation in Pairs (20 minutes)- Students who reach **B1** will act as “**mini-teachers.**” They will help and support classmates who are still learning.

- Each pair prepares their dialogue for their scenario.
- The teacher moves around and helps them:
 - Brainstorm at least 10 sentences each.
 - Use polite phrases (e.g., “Excuse me,” “Can you help me?” “I need...”).

- Write key sentences in notebooks (but encourage them not to read word for word when performing).

Step 4 – First Round of Roleplays (30 minutes)

- The teacher counts sentences – if either student speaks fewer than 10, they must present again later.

Example roleplay sentence count:

- Student A: “Hello! Are you a new student?” (1)
- Student B: “Yes, I joined FEA today.” (1)

Day 127: Art of Conversation

Word of the Day: **Conversation**

Meaning: A talk between two or more people.

Example: "I improve my conversation skills."

AI Preference: Best: Claude, Second Best - Gemini, Third Best- ChatGPT

Objective: Students practice the art of conversation by doing AI-assisted roleplays in real-life scenarios. They will initiate conversations, extend them, give appropriate responses, and learn from AI feedback.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1 – Recap (5 minutes)

Start the class with a quick recap of the previous lesson:

1. What did we learn last class?
2. What do you remember?

Step 2 – Today's Topic (5 minutes)

(Note for 2-hour classes: Extend this activity to **15 minutes** to provide additional speaking practice and participation opportunities for more students.)

Share today's topic: Art of Conversation. Ask the class:

1. Have you heard about the Art of Conversation?
2. Why is the Art of Conversation important to be successful?

Step 3 – Start AI Activity (15 minutes)

Students copy the prompt from their AI Speaking Practice Document and paste it into their AI platform. They begin interacting individually.

Prompt: Copy and Paste:

Help me improve my art of the conversation through roleplays. Give 5 scenarios one by one like being in a family event and interacting with family members, talking to parents about my career choice, initiating a conversation, extending a conversation etc. Give me feedback and sample response and ask me to repeat on what could be improved before moving to the next topic. Keep it in a mix of Hindi and English considering CEFR A2 level students. Have an extended conversation on each topic, at least 4–5 exchanges.

The AI will take students through these 5 scenarios one by one:

1. Being in a family event and interacting with family members

2. Talking to parents about a career choice
3. Initiating a conversation with someone new
4. Extending a conversation (keeping it going)
5. One additional scenario selected by the AI based on student responses

Teacher: Walk around the room. Check that every student has pasted the prompt correctly and that their AI has responded. Help anyone who is stuck on the platform.

Step 4 – Mid-Check (Regroup) (5 minutes)

Stop the class after 15 minutes of AI activity and bring everyone together.

First: Students discuss with their partner (1–2 minutes):

1. What have you done so far?
2. What did the AI ask you?
3. What did you answer?

Then: Take responses from 3–4 students and ensure everyone is on track.

Teacher: Check for students who are confused or have gone off-track. Use this moment to correct any misunderstandings before continuing.

Step 5 – Continue AI Activity (15 minutes)

Students go back to their AI conversation and continue from where they left off. They should aim to complete all 5 scenarios.

Teacher actions during this time:

1. Walk around the room
2. Check that students are getting AI feedback and attempting to improve their responses
3. Encourage students who finish early to redo a scenario with a better answer
4. Look for 1–2 strong student examples to share with the group at the end

Teacher's Activity

Students will perform mini-roleplays in groups to practice natural "Hinglish" conversation.

Step 1: Scenario Distribution (5 Minutes)

The teacher divides the class into groups of 3 or 4. Each group is assigned one of the following "Drama Cards" (print these or write them on the board):

- Group 1: The Wedding Feast. One person is a distant relative, others are students.
Challenge: Talk while pretending to eat dinner.
- Group 2: The Career Conflict. One person is a strict parent, one is a supportive sibling, one is the student who wants to start a business.
- Group 3: The Bus Stop. Three strangers waiting for a bus that is 20 minutes late.
Challenge: Someone must "break the ice" (start the talk).
- Group 4: The Old Friend. Meeting a school friend after 2 years at a market.

Step 2: The "Hinglish" Rehearsal (15 Minutes)

- Groups move to different corners of the room.
- Teacher's Instruction: "You must have at least 5 exchanges (back-and-forth). Use the Add-on Rule (give details) and the Question Flip. Use English for greetings and simple facts, use Hindi for feelings."
- The teacher circulates and helps groups translate simple phrases.

Step 3: Action! Performance Phase (20 Minutes)

(Note for 2-hour classes: Extend this activity to **40 minutes** to provide additional speaking practice and participation opportunities for more students.)

- Each group comes to the front of the class to perform their scene (2-3 minutes each).
- The "Freeze" Rule: During the performance, the teacher can shout "FREEZE!" at any moment.
- When frozen, the teacher asks the class: "*How can they make this conversation better?*"
 - *Example:* "He only said 'Theek hai.' What detail can he add?"
- The students then "Unfreeze" and try the suggestion immediately.

Step 4: The "Sample Response" Wrap-up (5 Minutes)

The teacher provides a "Golden Script" for the most difficult scene (usually the Career Talk).

Student: "Papa, I want to start a small business."

Parent: "Pehle job dhoondo. Business is risky."

Student (Sample): "I understand it is risky, par main bina paise ke start kar raha hoon (I am starting with zero capital). It is a great learning chance. What do you think?"

Let's get ready to guide them!

To give your students the best sample, how would you respond to this tricky situation?

Scenario: You tell a relative you are learning English, and they say: "*English seekh kar kya karoge? (What will you do by learning English?)*"

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Day 128: How to Apply for a Passport and a Visa?

(This lesson was previously lesson 123)

Word of the Day: **Process**

Objectives: By the end of the Day, students will:

- Understand what a passport and a visa are
- Learn how to apply for them, the cost, and the required documents
- Know which countries are visa-free for Indians
- Practice using AI to find real information and prepare a 2-minute speech

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1: Hook – Real Scenario (5 mins)

Teacher writes on the board:

"You just received a job offer in Dubai. Your joining date is next month. What do you need to do?"

Ask 3–4 students to share their answers. Accept all responses — right or wrong.

Then ask: *"Have you heard the words passport or visa before? What do you think they mean?"*

Take 2–3 responses. Do not explain yet — let the curiosity build.

Say: "Today, you will find out everything yourself — using AI."

Step 2: Research Mission with AI (20 mins)

Tell students:

"You are going on a research mission. Your job is to find answers to these questions using AI. Speak using mic — do not type."

Write these questions on the board:

- What is a passport?
- How do I apply for a passport in India?
- What documents are needed?
- How much does it cost?
- What is a visa?

- How do I apply for a visa?
- Which countries are visa-free for Indians?

Instructions:

- Students open ChatGPT/Gemini on their devices
- Speak each question to AI using the mic
- Note down key answers in their Student Activity Book
- They do not need to write everything — just the most important points

Teacher:

- Walks around and checks students are speaking, not typing
- Helps students who are stuck with the mic or login
- Encourages students to ask AI follow-up questions like *"Can you explain simply?"* or *"Give me an example"*

Step 3: Prepare Your 2-Minute Speech (10 mins)

Tell students:

"Now use your notes to prepare a 2-minute speech. You will present it to the class."

Write this structure on the board:

- What is a passport and why do we need it?
- How do I apply and what does it cost?
- What is a visa?
- Which countries can Indians visit without a visa?
- One thing that surprised me

Students write their speech in their Student Activity Book.

- Call a few weaker students one by one to present their 2-minute speech to the class.
- Encourage eye contact and a clear voice.
- After 5 presentations make small groups and guide students to present within their groups
- Clap after each student.

Teacher tip: If a student finishes too quickly, prompt them — *"Tell us one country that surprised you"* or *"What documents do you need?"*

Step 5: Practice with AI (20 mins)

Instructions:

1. Students open **Gemini** on their device.
2. Copy and paste this prompt into Gemini to start:

"I want to practice my English. I will speak about three topics one by one. For each topic, I will speak at least 50 words. After I finish a topic, please ask me 3 easy and simple follow-up questions one by one. I will answer each question using at least 35 words. Once we complete the questions for one topic, move to the next. After all three topics and all answers are finished, give me my CEFR level and a table of my mistakes. My topics are: What is grit? Explain with example, How to prepare for a job interview, and How to improve English?."

3. Use the **mic button** to speak — do not type answers.
4. Speak on **Topic 1**. Gemini will then ask **3 follow-up questions** — answer each one by one using the mic.
5. Repeat the same for **Topic 2** and **Topic 3**.
6. At the end, Gemini will show a **CEFR level** and a **table of mistakes**.
7. Students **show the result to the teacher**.

Log out once the session is complete

Teacher Tip – Help students speak more (B1 level)-

- ★ Try to make each sentence longer and more meaningful.
- ★ Add reasons to your ideas using words like because, so, and but.
- ★ Give examples to explain your point clearly (for example, from your life or village).
- ★ Try to connect your sentences so your speaking sounds like one full idea, not separate lines.
- ★ Use past, present, and future (yesterday, today, tomorrow) in your speaking.
- ★ Add feelings and opinions (I think, I feel, I believe).

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.

Road to Success Topic: Is waiting for a government job the only way to succeed or are there other ways to become successful? (Mark SL in the LMS)

Step 1: Today's Topic (20 minutes)

- Share today's topic. Write it on the board. Pronounce the Topic as a class.
- Ask students to guess- what does the topic mean?
- Teacher gives a demo - copy the prompt from the AI document and paste on Gemini.
- Read the situation aloud. If needed, explain it.
- Ask students what they will do in this situation.
- Share the response.
- Now call a student. Ask the student to give a demo. (If everyone already knows the process, skip this)

Step 2: Start AI Activity (15-20 minutes)

- Students sit in a zig-zag pattern
- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini
- Students begin interacting with AI individually
- Remind students that they should write important points in their notebooks while talking to the AI

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)
- First: Students discuss with their partner
- Then: Take responses from 2 students
- Ensure everyone is on track

Step 4: Continue AI Activity (10-15 minutes)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students
- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: The "Accordion Clap" (2-3 minutes)

Instructions:

Tell the students to watch your hands closely and match their clapping speed and volume to the distance between your palms. When you stretch your arms wide apart, everyone claps slowly and quietly. As you slowly bring your hands closer together, the students must clap faster and louder. The moment your hands are right next to each other, they should be clapping at maximum speed! If you pull your hands back out wide, they instantly slow down or go slow again.

Keep moving your hands in and out, changing the pace unexpectedly to keep them focused, and end with one final, explosive clap when your hands fully meet!

Step 5: Teacher's Activity: Myth vs Reality (25 mins)

Tell the class: "I will read a statement. You tell me — is it a myth or reality? And why do you think so?"

After students respond, teacher reveals the answer and shares the fact.

Card 1

"Government job is the only stable and secure income."

Ask: "Myth or reality? Why do you think so?"

Take 2–3 responses. Then reveal:

Myth. A skilled mobile repair person in a small town can earn ₹15,000–₹25,000 every month — more than many entry-level government salaries.

Card 2

"Most people who apply for government jobs eventually get selected."

Ask: "Myth or reality? Why do you think so?"

Take 2–3 responses. Then reveal:

Myth. Every year over 2 crore students appear for government exams. Less than 1% get selected. That means 99 out of 100 people do not get the job.

Card 3

"Government jobs are always permanent — they will never go away."

Ask: "Myth or reality? Why do you think so?"

Take 2–3 responses. Then reveal:

Myth. Many government jobs have been privatized over the years. Air India, BSNL, and several coal and railway departments have all seen large job cuts after privatization.

Card 4

"Starting your own business requires a lot of money."

Ask: "Myth or reality? Why do you think so?"

Take 2–3 responses. Then reveal:

Myth. Many successful small businesses started with very little. A WhatsApp-based tiffin or pickle business can start with under ₹2,000.

Card 5

"Without a degree, you cannot earn well."

Ask: "Myth or reality? Why do you think so?"

Take 2–3 responses. Then reveal:

Myth. An ITI-certified electrician or plumber can earn ₹20,000–₹40,000 per month. In many fields, skill matters more than a degree.

Card 6

"People in villages only respect government job holders."

Ask: "Myth or reality? Why do you think so?"

Take 2–3 responses. Then reveal:

Myth — and it is changing. Many young people running their own businesses or working in skilled trades are now seen as role models in their communities.

Step 6: 3 Questions to the Class (5 mins)

Ask these one by one. Take 2–3 responses each time.

1. "How many of you — or someone in your family — is preparing for a government job right now? Why is that the goal?"
2. "Do you know anyone from your village or area who is doing well without a government job? What do they do?"
3. "If government jobs disappeared tomorrow — what would you do?"

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Instructions:

1. Students open **Gemini** on their device.
2. Copy and paste this prompt into Gemini to start:

"I want to practice my English. I will speak about three topics one by one. For each topic, I will speak at least 50 words. 10. What fearless means to me

Tell the class:

"One by one, come to the front. Pick one chit. You get 10 seconds to think. Then speak for 30 seconds. No preparation, no notes."

Step 6: Final Thoughts (10 mins)

Ask these one by one. Take 2–3 responses each time.

1. "What is one thing you are afraid of — not ghosts or darkness, but in real life. Like speaking in front of people, asking for help, saying no to someone."
2. "Did that fear ever stop you from doing something important? What happened?"
3. "Do you know someone — real or from a film or story — who faced their fear? What did they do?"

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Day 135: Teach-Back on Using AI + Exploring Google Docs

Word of the Day: **Frame**

Meaning: To structure or present an idea clearly.

Example: "I frame my answers properly."

Note: Students have to share laptops for Google docs exercise. Students will work in pairs. Remaining students will begin with AI activity. Swap the activity later.

Day Objectives

By the end of this Day, students will be able to:

1. Explain how AI can help improve English and other skills.
2. Interact with AI (Gemini/ChatGPT (Or any other AI)) to practise English.
3. Use Insert, Format, and Tools options in Google Docs.
4. Create and edit a document confidently.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1: Practice with AI (30 mins)

Instructions:

1. Students open **Gemini** on their device.
2. Copy and paste this prompt into Gemini to start:

"I want to practice my English. I will speak about three topics one by one. For each topic, I will speak at least 50 words. After I finish a topic, please ask me 3 easy and simple follow-up questions one by one. I will answer each question using at least 35 words. Once we complete the questions for one topic, move to the next. After all three topics and all answers are finished, give me my CEFR level and a table of my mistakes. My topics are: What are 3 things you like about yourself, Talk about how you manage your time, and Why did you join FEA class?."

3. Use the **mic button** to speak — do not type answers.
4. Speak on **Topic 1**. Gemini will then ask **3 follow-up questions** — answer each one by one using the mic.
5. Repeat the same for **Topic 2** and **Topic 3**.

6. At the end, Gemini will show a **CEFR level** and a **table of mistakes**.
7. Students **show the result to the teacher**.

Log out once the session is complete

Teacher Tip – Help students speak more (B1 level)-

- ★ Try to make each sentence longer and more meaningful.
- ★ Add reasons to your ideas using words like because, so, and but.
- ★ Give examples to explain your point clearly (for example, from your life or village).
- ★ Try to connect your sentences so your speaking sounds like one full idea, not separate lines.
- ★ Use past, present, and future (yesterday, today, tomorrow) in your speaking.
- ★ Add feelings and opinions (I think, I feel, I believe).

Step 2: Exploring Google Docs (45 minutes)

(**Note for 2-hour classes:** Extend this activity to **70 minutes** to provide additional speaking practice and participation opportunities for more students.)

Students explore the main menus in Google Docs — Insert, Format, and Tools — through guided practice.

Teacher Demo (10 minutes):

Open a new Google Doc and show:

1. Insert Menu: Insert table, image, link, and date.
2. Format Menu: Change text style, color, and alignment.
3. Tools Menu: Use Spell Check and Word Count.

Explain each with a simple example.

Student Practice (30 minutes)

Task:

Students create a new Google Doc titled “Exploring Google Docs” and complete the following guided exploration.

Part 1 – Insert (10 mins)

- Type a short paragraph: *“Google Docs helps me to write and share documents easily.”*
- Then Insert:
 - A table (2x3)
 - One image
 - A link (e.g., google.com)
 - The current date

Part 2 – Format (10 mins)

- Bold and underline the first sentence.
- Change text color to blue.
- Center the paragraph.
- Highlight one word.

Part 3 – Tools (10 mins)

- Click *Tools* → *Spelling and grammar check* to find mistakes.
- Use *Tools* → *Word count* and note the number of words.
- Use *Tools* → *Translate document* (optional for stronger students).

Step 4: Wrap-Up (5 minutes)

(**Note for 2-hour classes:** Extend this activity to **15 minutes** to provide additional speaking practice and participation opportunities for more students.)

Discussion Prompts:

- “Which Google Docs option did you enjoy exploring?”
- “How can these tools help you in your studies or job?”

Teacher Note – Personalised Strategy

- For weaker students: Focus on inserting and formatting text only; skip Translate tool.
- For stronger students: Encourage them to insert an image with a caption and explore additional Tools options (voice typing, dictionary).

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Day 136: How to Improve my Presentation Skills?

Word of the Day: **Collaborate**

Meaning: To work together with others.

Example: "I collaborate with my classmates."

AI Preference: Best: Claude, Second Best - Gemini, Third Best- ChatGPT

Objective: Students build presentation confidence by learning key skills — body language, voice, eye contact, structure, and closing — through an AI-guided story. They then practice by speaking in front of the class and in small groups.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1 – Recap (5 minutes)

Start the class with a quick recap of the previous lesson:

1. What did we learn last class?
2. What do you remember?

Step 2 – Today's Topic (5 minutes)

(Note for 2-hour classes: Extend this activity to **10 minutes** to provide additional speaking practice and participation opportunities for more students.)

Share today's topic: How to Improve my Presentation Skills?

Ask the class:

1. Do you think your presentation skills are strong? Why or Why not?
2. Why is it important to speak confidently in front of others to be successful?

Step 3 – Start AI Activity (15 minutes)

Students copy the prompt from their AI Speaking Practice Document and paste it into their AI platform. They begin interacting individually.

Prompt: Copy and Paste

"Act as a friendly mentor named Meera. I am a rural Indian learner at A2 English level. Teach me presentation skills through a simple story with two characters (Ravi and Meera).

Rules:

- Use simple English (short sentences, easy words).
- Teach one presentation skill at a time (like body language, voice, eye contact, structure, confidence, examples, closing).

- Show each skill through a small story scene (real-life situation like interview, meeting, or speaking in class).
- After each scene, ask me one question.
- Tell me to answer in full sentences.
- Wait for my answer before moving to the next skill.
- Correct my English gently and give me a better sample answer.
- After all the skills, take my mock interview and ask me 4–5 questions.
- Give me simple sample answers to practice speaking.

Goal: Help me speak clearly, confidently, and in full sentences."

Teacher: Walk around the room while students interact with the AI. Help anyone who is stuck on the platform.

Step 4 – Mid-Check (Regroup) (5 minutes)

(**Note for 2-hour classes:** Extend this activity to **10 minutes** to provide additional speaking practice and participation opportunities for more students.)

Stop the class after 15 minutes of AI activity and bring everyone together.

First: Students discuss with their partner (1–2 minutes):

1. What have you learned so far?
2. Which skill did Meera teach Ravi?
3. What answer did you give to the AI?

Take responses from 3–4 students and ensure everyone is on track.

Step 5 – Continue AI Activity (15 minutes)

Students go back to their AI conversation and continue. They should aim to complete all the presentation skills and attempt the mock interview at the end.

Teacher actions during this time:

1. Walk around the room
2. Check that students are attempting the mock interview section at the end
3. Encourage students who finish early to redo any skill they struggled with
4. Note 1–2 students who gave a confident response — invite them to share with the class

Teacher's Activity (30-40 minutes)

(**Note for 2-hour classes:** Extend this activity to **60 minutes** to provide additional speaking practice and participation opportunities for more students.)

Once students have completed the AI activity, move into live class practice:

1. **Board Discussion:** Ask the class to share the different techniques they learned. Write the most important ones on the board.
2. **Individual Speaking:** Invite 5 students, one by one, to speak for 1 minute on a topic of their choice. After each student, ask the class: Did the speaker use the techniques we learned?
3. **Group Practice:** Form small groups. Each student in the group speaks for 1 minute on a topic of their choice. The group supports the speaker and helps them apply the techniques.

Teacher: Keep the atmosphere encouraging. If a student freezes, give them a simple topic like "My favourite food" or "My village" to get started.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Road to Success Topic: Why is Greed Harmful? (Mark SL in the LMS)

Step 1: Today's Topic (20 minutes)

- Share today's topic. Write it on the board. Pronounce the Topic as a class.
- Ask students to guess- what does the topic mean?
- Teacher gives a demo - copy the prompt from the AI document and paste on Gemini.
- Read the situation aloud. If needed, explain it.
- Ask students what they will do in this situation.
- Share the response.

- Now call a student. Ask the student to give a demo. (If everyone already knows the process, skip this)
- Once everyone understands the process, get started.

Step 2: Start AI Activity (15-20 minutes)

- Students sit in a zig-zag pattern
- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini
- Students begin interacting with AI individually
- Remind students that they should write important points in their notebooks while talking to the AI

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)
- First: Students discuss with their partner
- Then: Take responses from 2 students
- Ensure everyone is on track

Step 4: Continue AI Activity (10-15 minutes)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students
- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: Countdown (2-3 mins)

Instructions:

Students have to count from 1 to 20. There is one rule though: there is no particular order. Students have to yell the consecutive number whenever they want. But when two students yell a number at the same time, they have to start counting from 1 again. Wonder how long it will take until they reach 20?

Teacher's Activity: "Greed Is Good — Or Is It?"

Step 5: The Debate Roleplay (30 mins)

Tell the class: "Now we do what you did with AI — but with each other. One side says greed is good. The other side says greed is harmful. Both sides must fight for their point."

Divide the class into two sides. It doesn't matter what they personally believe — they argue the side they are assigned.

Side A — Greed Is Good

Side B — Greed Is Harmful

Give each side 3 minutes to prepare 2–3 arguments together.

Then run the debate in **2 rounds**:

Round 1 — Opening Arguments (10 mins)

One person from each side speaks. 1 minute each.

Side A opens with: "Greed is good because..."

Side B responds with: "Greed is harmful because..."

Round 2 — Attack Round (10 mins)

Each side directly challenges the other. Anyone can speak.

Give these challenge lines to help quieter students jump in:

- "But what about the example of...?"
- "That is not always true because..."
- "You said ____, but what happens when...?"

Teacher keeps energy up — push back on both sides occasionally. Ask: "Can nobody answer that point?"

Step 6: The Difficult Questions (10 mins)

1. "A farmer stores grain and sells it at high price when others are starving. Is that smart business or greed?"
2. "A student studies very hard only to earn more money than others — not to help anyone. Is that greed?"
3. "Can a greedy person ever be truly happy? Why or why not?"

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Tell the students to watch your hands closely and match their clapping speed and volume to the distance between your palms. When you stretch your arms wide apart, everyone claps slowly and quietly. As you slowly bring your hands closer together, the students must clap faster and louder. The moment your hands are right next to each other, they should be clapping at maximum speed! If you pull your hands back out wide, they instantly slow down or go slow again.

Keep moving your hands in and out, changing the pace unexpectedly to keep them focused, and end with one final, explosive clap when your hands fully meet!

Step 5: Teacher Activity - Staying Calm Roleplay (30 mins)

Write these on the board before starting:

- *"I understand your problem."*
- *"I am sorry for this."*
- *"Let me help you."*
- *"Please give me one minute, I will fix this."*

Tell students: *"In every situation, Person A is angry. Person B must stay calm and use these lines. Do not fight back."*

Make pairs. Assign one situation per pair. Let students be prepared.

Situation 1 — Angry Customer

Person A is a customer at a mobile recharge shop. They recharged their phone yesterday but the balance never came. They are very angry and speaking loudly.

Person A starts: *"I gave you ₹200 yesterday! My balance never came! You cheated me! Give my money back right now!"*

Person B is the shopkeeper. Stay calm. Listen fully. Then respond using the phrases on the board.

Situation 2 — Angry Parent

Person A is a parent who just saw their child's report card. The child failed in two subjects. They come directly to the teacher and are very upset.

Person A starts: *"My son failed because of you! You never teach properly! What are we paying fees for? This is your fault!"*

Person B is the teacher. Do not argue. Acknowledge the concern. Respond calmly.

Situation 3 — Complaining Neighbour

Person A is a neighbour who hasn't slept because of loud music from a birthday party next door last night. They knock on the door in the morning, very irritated.

Person A starts: *"Do you have any sense? We were up the whole night because of your noise! We have work in the morning! This is too much!"*

Person B lives in that house. Accept the mistake. Apologize. Keep your voice low and soft.

Situation 4 — Angry Team Member

Person A is a classmate/colleague. They did most of the group project work alone because Person B was absent. Now results are out and both got equal marks. Person A is very upset.

Person A starts: *"I did everything alone! You did nothing and you got the same marks as me! This is not fair! You always do this!"*

Person B was absent due to a family problem. Don't make excuses. Acknowledge their frustration first, then explain calmly.

- Gently redirect if questions are off-topic: “Let’s keep it respectful and interesting.”
- After 5–7 minutes, switch students in the hot seat until everyone has a turn.

Step 4: Reflection and Debrief (5 minutes)

(**Note for 2-hour classes:** Extend this activity to **10 minutes** to provide additional speaking practice and participation opportunities for more students.)

- Ask the class:
 - “Which question made you think the most?”
- End by saying:

“Good questions create good conversations. You learned to ask, listen, and respond in English today!”

Homework

Draw a simple map of your area and write 5 direction sentences.

Road to Success Topic: How can I become comfortable when someone corrects me without feeling defensive? (Mark SL in the LMS)

Step 1: Today's Topic (20 minutes)

- Share today's topic. Write it on the board. Pronounce the Topic as a class.
- Ask students to guess- what does the topic mean?
- Teacher gives a demo - copy the prompt from the AI document and paste on Gemini.
- Read the situation aloud. If needed, explain it.
- Ask students what they will do in this situation.
- Share the response.
- Now call a student. Ask the student to give a demo. (If everyone already knows the process, skip this)
- Once everyone understands the process, get started.

Step 2: Start AI Activity (15-20 minutes)

- Students sit in a zig-zag pattern
- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini
- Students begin interacting with AI individually
- Remind students that they should write important points in their notebooks while talking to the AI

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)
- First: Students discuss with their partner
- Then: Take responses from 2 students
- Ensure everyone is on track

Step 4: Continue AI Activity (10-15 minutes)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students

- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: Silent Jump Challenge (2-3 mins)

- Students must complete 20 jumps without talking or laughing. If someone talks or laughs, everyone starts again.

Step 5: Teacher Activity - 3 Questions to the Class (10 mins)

Ask these one by one. Take 2–3 responses each time.

1. "Think of a time someone corrected you — a teacher, parent, or friend. What was your first reaction?"
2. "Why do we feel bad when someone points out our mistake? What happens inside us?"
3. "If a good friend corrects you vs a stranger corrects you — does it feel different? Why?"

Step 6: The Correction Roleplay (20 mins)

Tell the class: "Now we practice. The goal is not to get defensive — just listen, breathe, and respond well."

Make pairs. One person is the **Corrector**, one is the **Receiver**. Give each pair one situation from this list:

1. Your friend says: "You spoke too fast in the presentation. Nobody could follow you."
2. Your teacher says: "Your answer was wrong. You clearly didn't understand the question."
3. Your manager says: "You were late three times this week. This is not acceptable."
4. Your elder brother says: "The way you talk to guests at home is very rude."

Round 1 — React naturally

The Receiver responds however they naturally would. No acting — just real reaction.

Round 2 — Respond with a growth mindset

Now the Receiver responds using one of these lines:

- "Thank you for telling me. I will work on it."
- "You are right. Can you help me understand how to do it better?"
- "I didn't realize that. I'll be more careful next time."

After both rounds, ask pairs: "Which round felt harder? Why?"

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.

After I finish a topic, please ask me 3 easy and simple follow-up questions one by one. I will answer each question using at least 35 words. Once we complete the questions for one topic, move to the next. After all three topics and all answers are finished, give me my CEFR level and a table of my mistakes. My topics are: 1. What a business is? 2. How business helps people 3. Is business about making money or solving problems? Why?"

3. Use the **mic button** to speak — do not type answers.

6. At the end, Gemini will show a **CEFR level** and a **table of mistakes**.
7. Students **show the result to the teacher**.

Log out once the session is complete

Teacher Tip – Help students speak more (B1 level)-

- ★ Add reasons to your ideas using words like because, so, and but.
- ★ Give examples to explain your point clearly (for example, from your life or village).
- ★ Try to connect your sentences so your speaking sounds like one full idea, not separate lines.
- ★ Use past, present, and future (yesterday, today, tomorrow) in your speaking.
- ★ Add feelings and opinions (I think, I feel, I believe).

Step 8: Post AI Questions: 5-10 mins

Road to Success Topic: Forgiveness is the balm that heals (Mark SL in the LMS)

Step 1: Today's Topic (20 minutes)

- Share today's topic. Write it on the board. Pronounce the Topic as a class.
- Ask students to guess- what does the topic mean?

- Teacher gives a demo - copy the prompt from the AI document and paste on Gemini.
- Read the situation aloud. If needed, explain it.
- Ask students what they will do in this situation.
- Share the response.
- Now call a student. Ask the student to give a demo. (If everyone already knows the process, skip this)
- Once everyone understands the process, get started.

Step 2: Start AI Activity (15-20 minutes)

- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini
- Students begin interacting with AI individually
- Remind students that they should write important points in their notebooks while talking to the AI

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students
- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: Stop-walk-clap-name (2-3 mins)

Instructions:

1. Start with Normal Mode, where students walk when you say "Walk" and freeze when you say "Stop."
2. After that, introduce the First Twist by reversing it: "Walk" now means freeze, and "Stop" means walk.
3. Next, add two new actions by telling them to clap once when you say "Clap" and shout their own name when you say "Name."

4. Finally, everything flips: "Walk" means freeze, "Stop" means walk, "Clap" means shout their name, and "Name" means clap. Call out the commands faster to create fun, high-energy chaos before ending.

Teacher Activity- "Put It Down"

Step 5: The Stone Exercise (5 mins)

Ask every student to pick up something heavy — their bag, a stack of books, bottle, anything available. Tell them to hold it and keep holding it while you talk.

Ask the class:

- "How does it feel after 1 minute?"
- "What would happen if you carried this everywhere — to eat, to sleep, to study?"

Then say: *"This is what unforgiveness feels like. You are carrying the weight. The other person has moved on."*

Tell them to put it down. Ask: *"How did that feel?"*

Step 6: The Letter You'll Never Send (10 mins)

Ask students to think of someone who hurt them — a friend, family member, anyone. They don't share the name with anyone.

Give them 5 minutes to write a short letter to that person. Just 4–5 lines. It can be in Hindi or English. The letter is private — nobody will read it.

Starting line to help them: *"You hurt me when you..."*

After writing, ask them to fold the paper and keep it in their pocket. Tell them:

"You don't have to forgive today. But writing it down means you are ready to stop carrying it."

Take 2–3 students to share how they felt writing it — not what they wrote, just how it felt.

Step 7: The 3 Questions (15 mins):

1. "Is there someone in your life you haven't forgiven yet? You don't have to say who — just yes or no. And how long have you been carrying it?"
2. "What is stopping you from forgiving them?"
3. "If you did forgive — not for them, but for yourself — how do you think you would feel?"

Do this with 4–5 students. Let it be slow and quiet. This step works best when the teacher doesn't rush it.

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Day 144- Making Informed Choice

Word of the Day: **Evaluate**

Example: "I evaluate my choices before deciding."

AI Platform: Best: Claude | Second Best: Gemini | Third Best: ChatGPT

Objective: Students learn to think carefully before making important life decisions — about career, family, marriage, and social pressure — by discussing real situations with AI and practicing opinion-sharing in class.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1 – Recap (5 minutes)

(Note for 2-hour classes: Extend this activity to **15 minutes** to provide additional speaking practice and participation opportunities for more students.)

Start the class with a quick recap of the previous lesson. Ask 3–4 simple questions:

1. What did we learn last class?
2. What do you remember?

Step 2 – Today's Topic (5 minutes)

Share today's topic: Making Informed Choices.

Ask the class:

1. Why is it important to think carefully before making a big choice to be successful in life?

Take 2–3 student responses.

Step 3 – Start AI Activity (15–20 minutes)

Students copy the prompt from their AI Speaking Practice Document and paste it into their AI platform. They begin interacting individually.

Prompt: Copy and Paste

You are a helpful teacher. Talk to me one situation at a time. Use simple English. After every situation, ask me questions and wait for my answer before moving to the next situation. For every difficult word, write the Hindi meaning in brackets like this: decision (फैसला). Ask questions in simple English and write the Hindi meaning in brackets. When I answer, encourage me, challenge me and help me make informed choices and then move to the next

situation. Give scenarios and Ask questions one by one related to career, log kya kahenge, marriage, government job versus private job, dealing with relatives,. Remember my students are females and few males in rural India. All young adults. Accept a full sentence answer. End it by asking me what I learned. Give situations in very simple English and the Hindi translation in brackets). Ask me to answer in full sentences in English.

The AI will take students through real-life situations one by one, covering topics like:

1. Career choices and job decisions
2. Log kya kahenge (what will people say) – social pressure
3. Marriage and family expectations
4. Government job vs. private job
5. Dealing with relatives and their opinions

Teacher: Walk around the room while students interact. Help anyone who is stuck or unsure how to respond.

Step 4 – Mid-Check (Regroup) (5 minutes)

(**Note for 2-hour classes:** Extend this activity to **15 minutes** to provide additional speaking practice and participation opportunities for more students.)

Stop the class after 15 minutes of AI activity and bring everyone together.

First: Students discuss with their partner (1–2 minutes):

1. Which situation felt hardest?
2. What did the AI ask you to decide?
3. What did you answer?

Then: Take responses from 3–4 students and ensure everyone is on track.

Step 5 – Continue AI Activity (15–20 minutes)

Students go back to their AI conversation and continue. They should aim to complete all situations and reach the final question: "What did you learn?"

Teacher actions during this time:

1. Walk around the room
2. Check that students are writing full sentence answers
3. Encourage students who finish early to reflect on which choice was hardest and why and be ready with their answers
4. Note 1–2 interesting answers to bring into the Teacher's Activity discussion

Teacher: If a student says "I don't know what to write" — give them a simple starter: "I think... because..."

Step 6 –Teacher's Activity – Three Corners (30 minutes)

(**Note for 2-hour classes:** Extend this activity to **40 minutes** to provide additional speaking practice and participation opportunities for more students.)

Once students have completed the AI activity, do this opinion activity with the whole class.

Setup: Label three corners of the classroom:

- **Agree**
- **Disagree**
- **Not Sure**

How it works:

1. Read a statement aloud to the class.
2. Students move to the corner that matches their opinion.
3. In each corner, students discuss briefly (1–2 minutes) why they chose that position.
4. Invite 1–2 students from each corner to share their reasoning with the whole class.
5. Repeat the same process for the next statement.
6. **After all statements, ask the class:** *"What did you learn about making choices?"*

Statements to read aloud:

1. *"It is always better to take a job that pays more."*
2. *"Family matters more than money in making choices."*
3. *"Choosing a nearby job is safer than going far for more money."*
4. *"Joining a local training or course is more useful than just looking for a government job."*

Teacher: Keep energy high during the corner activity. No right or wrong answers — the goal is for students to think, talk, and hear different opinions. Celebrate all responses.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.

5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Energizer: Countdown (2-3 mins)

Instructions:

Students have to count from 1 to 20. There is one rule though: there is no particular order. Students have to yell the consecutive number whenever they want. But when two students yell a number at the same time, they have to start counting from 1 again. Wonder how long it will take until they reach 20?

Step 5: Teacher Activity (30 mins)

Fishbowl – Bullying & Coping

Setup:

- Inner circle: 4–5 students (speakers)
- Outer circle: rest of the class (listeners)

Round 1

Inner circle discusses: (write the questions on the board)

1. What is bullying?
2. Have you seen bullying in real life?
3. How should a person react to bullying?
4. Why is it important to stay calm and confident?

Outer circle listens and thinks: One good idea they heard and one strong speaker

Switch: New students come to inner circle

Round 2: Discuss: (write the questions on the board)

1. What should you NOT do in bullying situations?
2. Who can you ask for help?
3. How can you support a friend who is bullied?
4. One action you will take if you see bullying

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Day 145- How to fill a Form and Ask Questions

Note for B1-Level Students:

From Day 126 onward, the class will continue until **75% of students reach B1**.

Students who have achieved **B1** should act as support for classmates who have not yet reached B1. They should help, guide, and practice with them so that everyone can reach B1.

During presentations, AI activities, roleplays, and group or pair discussions, B1-level students should monitor and support others in speaking English.

Word of the Day: **Submit**

Meaning: To give something for review or approval.

Example: "I submit my form on time."

Objectives:

- Students will practice reading and filling out a bank account opening form in English.
- Students will create simple English questions with AI for classroom speaking practice.
- Students will practice answering spontaneous questions in English through a Hot Seat activity.

Note: Please remind the English Only Cop and the Full Sentence Cop to stay active.

Word of the Day: The teacher shares the word of the day and shares the meaning and example. Now ask a few students to share their sentences. **(5 mins)**

Step 1: Form Filling Practice (30 mins)

(Note for 2-hour classes: Extend this activity to **45 minutes** to provide additional speaking practice and participation opportunities for more students.)

Goal: Students learn to read, understand, and fill out a sample bank account opening form in English.

Steps:

1. The teacher explains the sections of the form (Applicant Info, Contact, ID, Nominee, Declaration).
2. Students fill in the form with imaginary details (teacher models 2–3 examples on the board).
3. A few students read one filled line each aloud for pronunciation and speaking practice.

Step 2: AI Question Creation + Hot Seat (30 mins)

(Note for 2-hour classes: Extend this activity to **45 minutes** to provide additional speaking practice and participation opportunities for more students.)

Objective:

Students will create, ask, and answer simple English questions using AI to build fluency and confidence.

Step A – AI Question Creation (10 mins)

- The teacher shows how to ask AI: “Write 5 easy English questions to ask my classmates.”
- Students ask AI for their own 5 simple English questions and copy them into notebooks.
- A few students share their questions aloud. The teacher writes 5–6 of the best questions on the board for everyone to use.

Step B – Hot Seat Speaking (20 mins)

- One chair at the front of the class is the Hot Seat.
- One student sits while classmates ask them the AI-written questions.
- Students must answer in full sentences. The teacher supports sentence starters written on the board (e.g., *My name is...*, *I live in...*, *I like...*).
- Select weaker students to sit on hot chair first

Step 3: Practice with AI (20-30 mins)

Instructions:

1. Students open **Gemini** on their device.
2. Copy and paste this prompt into Gemini to start:

"I want to practice my English. I will speak about three topics one by one. For each topic, I will speak at least 50 words. After I finish a topic, please ask me 3 easy and simple follow-up questions one by one. I will answer each question using at least 35 words. Once we complete the questions for one topic, move to the next. After all three topics and all answers are finished, give me my CEFR level and a table of my mistakes. My topics are: 1. Talk about your Sunday routine 2. Describe your neighborhood 3. Describe a happy memory from childhood

3. Use the **mic button** to speak — do not type answers.
4. Speak on **Topic 1**. Gemini will then ask **3 follow-up questions** — answer each one by one using the mic.

5. Repeat the same for **Topic 2** and **Topic 3**.
6. At the end, Gemini will show a **CEFR level** and a **table of mistakes**.
7. Students **show the result to the teacher**.

Log out once the session is complete

Teacher Tip – Help students speak more (B1 level)-

- ★ Try to make each sentence longer and more meaningful.
- ★ Add reasons to your ideas using words like because, so, and but.
- ★ Give examples to explain your point clearly (for example, from your life or village).
- ★ Try to connect your sentences so your speaking sounds like one full idea, not separate lines.
- ★ Use past, present, and future (yesterday, today, tomorrow) in your speaking.
- ★ Add feelings and opinions (I think, I feel, I believe).

Step 4: Post AI Questions: 5-10 mins

1. Which connector did you use (because, but, so)? Say one sentence again.
2. Which tense did you use (past, present, future)? Give one example.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.
4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

 - Keeps time.

Step 6: Practice with AI (20-30 mins)

Instructions:

1. Students open **Gemini** on their device.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.

Road to Success Topic: Integrity (Mark SL in the LMS)

Step 1: Today’s Topic (20 minutes)

- Share today’s topic. Write it on the board. Pronounce the Topic as a class.
- Ask students to guess- what does the topic mean?
- Teacher gives a demo - copy the prompt from the AI document and paste on Gemini.
- Read the situation aloud. If needed, explain it.
- Ask students what they will do in this situation.
- Share the response.
- Now call a student. Ask the student to give a demo. (If everyone already knows the process, skip this)
- Once everyone understands the process, get started.

Step 2: Start AI Activity (15-20 minutes)

- Students sit in a zig-zag pattern
- Students copy the prompt from the AI document
- They paste it into the AI platform- Gemini

- Students begin interacting with AI individually
- Remind students that they should write important points in their notebooks while talking to the AI

Step 3: Mid-Check (Regroup) (5 minutes)

- Stop the class after 15-20 minutes of AI activity. Don't change the seating pattern.
- Ask: What did the AI ask you? (AI mostly gives different situations to everyone, so take variety of responses)
- First: Students discuss with their partner
- Then: Take responses from 2 students
- Ensure everyone is on track

Step 4: Continue AI Activity (10-15 minutes)

- Students go back to their AI conversation
- Teacher walks around, supports, and guides students
- Remind students that they should write important points in their notebooks while talking to the AI

Energizer: Count and Jump (2-3 mins)

Instructions:

Students stand in a circle.

Count aloud from 1 onwards.

Whenever a number is a multiple of 3 (3, 6, 9, 12, etc.), the student must jump instead of saying the number.

Anyone who says the number instead of jumping starts the count again.

Step 5: Teacher Activity (30 mins)

1. Partner Discussion (5 mins)

Ask students to tell their partner one thing they learned from the AI session. Take 2–3 responses from the class.

2. Would You or Wouldn't You? (10 mins)

Read out these situations one by one. After each one, ask students to stand if they would do the right thing, stay seated if they wouldn't. Then ask 1–2 students to explain why.

1. You find ₹100 on the floor in the classroom. Nobody saw you pick it up.
2. Your friend asks you to lie to the teacher about your leave.
3. You got extra marks by mistake in your test. The teacher didn't notice.
4. You saw someone copying in the exam. The teacher didn't see.

5. Your group did all the work but your absent friend will also get credit.

Push back a little: "But nobody will ever know — so why does it matter?"

3. The Integrity Circle (15 mins)

Everyone stands in a big circle. Tell the class:

"Now we are going to be honest — not about others, but about ourselves."

Pick one student to stand in the middle of the circle. They answer 3 questions honestly. The class just listens — no laughing, no judging.

The 3 Questions:

1. "On a scale of 1 to 10, how much do you follow integrity in real life right now? Why?"
2. "Is there a situation where you wanted to do the right thing but didn't? What happened?" (They can keep it vague — they don't have to share details)
3. "Going forward, one small thing you will try to do more honestly — at home, in class, or with friends?"

After each person finishes, the class gives a silent clap — both palms touching but no sound.

Do this with 4–5 volunteers. Don't force anyone. But usually once one person goes, others want to as well.

Student Support & Counselling:

- Use the last 10 minutes for in-person counselling.
- Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
- Ask only selected students to stay back; others may leave.
- Conduct brief, empathetic, and solution-focused one-on-one conversations.
- Refer to student retention techniques for guidance.
- Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Step 2 (10–15 mins)

The teacher explains the structure of the day.

Everyone will practice speaking with AI. Students will copy the prompt from the AI document and paste it into Gemini. Gemini will give them 3 speaking topics. One topic will be in present tense, one in past tense, and one in future tense.

Students must:

- Speak at least 50 words on each topic
- Answer 3 follow-up questions asked by AI
- Give at least 35 words in every follow-up answer
- Use the mic button and speak instead of typing
- Try to speak as much as possible and not less than the required words

At the end, Gemini will give students a CEFR score and show mistakes. Students should carefully observe their score and corrections.

The teacher reminds students:

- Speak slowly and clearly
- Use connectors like because, but, so, then
- Give examples from life
- Use feelings and opinions

- Try to connect ideas naturally

Step 3 (45 mins)

(**Note for 2-hour classes:** Extend this activity to **60 minutes** to provide additional speaking practice and participation opportunities for more students.)

Get students started on AI practice.

While students are practicing with AI, the teacher calls one student at a time for a mini interview. The teacher asks 5 questions and gives a rough CEFR score based on:

- Fluency
- Confidence
- Sentence length
- Grammar
- Vocabulary
- Ability to answer follow-up questions

Students waiting for their turn should continue AI practice and repeat topics to improve their score.

Ask students:

- How many students got B1?
- How many got A2?
- How many got A1?

Discuss common mistakes heard during interviews and AI practice. Encourage students to improve sentence length, grammar, and confidence before the final assessment.

Note:

Coordinate with your TM and plan the assessment date. If students need more practice time, discuss with your TM and decide the final assessment date together. Mark Lesson 150 and 151 on the day of assessment.

Day 148: Practice Day 2 Before the B1 Assessment

Word of the Day: **Refine**

Meaning: To improve something by making small changes.

Step 4 (25 mins)

(**Note for 2-hour classes:** Extend this activity to **50 minutes** to provide additional speaking practice and participation opportunities for more students.)

Peer Interview Practice

“Today we learned: Hate is like carrying a heavy bag. It does not hurt the other person. It hurts us.”

Ask 2 quick questions:

- “What happens when we stay angry for long?”
- “How does it affect our mind or body?”

2. The “Heavy Bag” Demonstration (5 mins)

Do this physically:

- Take a school bag or object
- Call 1 student in front
- Ask them to hold it with one hand

Say:

“This bag = anger / hate”

Now ask:

- “Is it easy to hold?”
(wait 10 seconds)

Add more books (increase weight)

Ask:

- “Now how do you feel?”

Step 2 – AI Interview Assessment (30–40 mins)

Instructions:

- a. Students open **Gemini/or ChatGPT** on their device.
- b. Copy and paste this prompt to start

Act as a formal examiner for an English proficiency assessment. This is a test, not a practice session. Rules for the Examiner: 1- No Feedback: Do not say 'Great job,' 'Well done,' or correct my English during the test. Simply acknowledge my input and move to the next question. 2. Marking: Use the CEFR assessment criteria. Keep a count of repetitive vocabulary, basic sentence structures, and grammatical errors while giving the CEFR score. Do not inflate the score. Day 195: Mentorship Introduction

Mentorship Introduction

Objectives:

- Introduce students to the FEA Mentorship Program
- **Sensitize students to the purpose and value of the mentorship program**
- Prepare students to actively participate in the mentoring session
- Encourage respectful behavior and confident participation during calls
- Collect student data to share with the mentor

Pre-Day Actions

- Conduct this special Day **2–3 days before** the scheduled mentorship session to prepare and sensitize students.
 - Share the **student details (Excel sheet in the required format)** along with the **calendar invite** to the mentor **2–3 days in advance**.

Calendar Invite tutorial for teachers:

https://drive.google.com/file/d/15v7-hXY4egjtdDrfkeEgdbAKCqVDDAe_/view?usp=drive_link

Note for Teacher- Teachers to recap training notes- How to manage mentoring session well- Refer to the Automation PPT for quick reference-Teachers to revisit the Process when mentoring sessions are scheduled. [Rural Automation PPT New.pptx](#)

Step 1: Introduction to Mentorship (15 minutes)

Ask:

- “What comes to your mind when you hear the word ‘Mentor’?”
- “Have you ever had a mentor in your life?”

Then:

- Show the mentorship video. (7 min)

https://drive.google.com/file/d/1DXXCqvhFLM2DPCM_loCCwR3DQqNTl2AQ/view?usp=drive_link

Take a few responses to check their understanding of the video

Explain- What mentorship program is and how it helps FEA students.

Step 2: Respectful Behavior Discussion (5 minutes)

Explain:

- Mentors are volunteers from different professions and countries.
- They deserve respect and full attention.

Ask:

- “What are respectful behaviors during mentoring sessions?”
- “How can you show respect on Zoom/Google meet?” (Remind respect doesn’t mean staying silent. Respect means asking the right questions and keeping it interactive.)

Write examples on the board:

- Eye contact, not interrupting, polite language, muting mic, raising hands, asking good questions etc.

Step 3: Pick a Side – Quiz Game (20 minutes)

Ask the questions below. Students move to one side for “Yes” and another for “No.”

After each question, ask 1–2 students to explain their answer.

Quiz Questions:

- Will you raise your hand if you want to speak? (Yes)
- Should you talk while the mentor is speaking? (No)
- Will you laugh at background noise? (No)
- Should you ask meaningful questions? (Yes)
- Will you use polite phrases while speaking? (Yes)
- Do you expect mentors to solve all your problems? (No)
- Will you step out of your comfort zone? (Yes)
- Will you complete homework given by the mentor? (Yes) **(Explain- Completing your assignments is very important to make the most out of each mentoring session. Mentors prepare for the next session assuming that mentees will come prepared with the given homework. If the homework is not completed, it can slow down the learning process and affect the flow of the session. It also makes it difficult for mentors to build on previous discussions and provide better guidance.)**

- Will you be attending the all mentoring calls? (Yes) (**Inform students that all the call dates will confirmed after discussing with them so they need to take complete accountability of their presence and participation during the mentoring calls**)

Bonus Question Discussion:

- What impression does it give if you ask irrelevant questions?

Note for students: Inform students, in case the mentoring session gets cancelled due to any reason from mentor's end, we will resume with our regular Day.

Note for the teacher: In case a mentor is unable to join a scheduled session and informs at the meeting time, teachers should manage the situation with patience and professionalism. As mentors are working professionals, occasional last-minute unavailability may occur. Teachers must communicate this positively to students to sustain their engagement. If this repeats more than two times, the issue should be escalated to the Mentorship Team.

Step 4: Introduce the Mentor (20 minutes)

- Share the mentor's name and the date of the session.
- Explain that this first session is to build a connection.
- Future sessions will be about life stories and guidance.
- Clarify the difference between Mentor and Career Guide.

Step 5: Preparing Questions & Collecting Student Info (25 minutes)

While the teacher collects student info, students do the following:

1. Think and write 2–3 respectful, meaningful questions in their notebook. (Advise students to use AI to explore questions)

Examples:

- “How did you get your job?”
- “What challenges have you faced?”
- “Did you have a mentor in your life?”

2. Practice asking these questions with a partner.
3. Call on students to practice aloud with the class.

Teacher Task:

Call students one by one and collect the following data in an Excel sheet:

- Name (Alphabetical order)
- Age
- Educational qualification
- Career aspirations
- Hobbies
- Level of English

Share this Excel sheet with the mentor via email at least 2 days before the mentoring session along with **Calendar Invite**. (**Note for Teachers:** As mentors are working professionals, they may have multiple meetings planned on the same day, please ensure that the **calendar invite** is shared with the mentor to avoid cancellation.)

Step 6: Ball Toss Game (15 minutes)

Instructions:

- Toss the ball to a student and ask:

“How could a mentor help you?” What is your question for the mentor?

- That student answers and tosses the ball to another student.

Notes for the Teacher:

1. Please arrange chart paper and paper slips for the *Dream Wall* activity to be conducted during Mentoring Call 1.
2. Each mentoring call includes assignments. Kindly ensure that students clearly understand the tasks and complete them on time. Kindly ensure to submit their assignments to the mentor at least **two days before the next call**, if given. Additionally, some assignments will be revisited in subsequent sessions, so please guide students to bring their completed work to each call as needed.

Student Support & Counselling:

1. Use the last 10 minutes for in-person counselling.
2. Identify 2–4 students (irregular attendance / behavioral concerns) in advance.
3. Ask only selected students to stay back; others may leave.

4. Conduct brief, empathetic, and solution-focused one-on-one conversations.
5. Refer to student retention techniques for guidance.
6. Update the meeting log with key concerns, support provided, and next steps.

Note: This step is compulsory.

Day 196: Mentorship Call 1

Floating Lesson Plan (*To be conducted when the mentor holds Call 1 with the class*)
